

Colourful Monster

THEME-BASED PROJECT

Inspired by the story "The Colour Monster," this project is not just about the final artwork but also allowing the voice of the artist to shine through. Using straws to blow paint, our lovely children created vibrant monsters and crafted unique homes for them. This process encourages creativity, self-expression, and exploration beyond the end product.

Inspired by the story "The Colour Monster," this project is not just about the final artwork but also allowing the voice of the artist to shine through. Using straws to blow paint, our lovely children created vibrant monsters and crafted unique homes for them. This process encourages creativity, self-expression, and exploration beyond the end product.

Our Moments

Sample

Your child created a stunning blue monster, brilliantly reflecting his favourite colour. It is inspiring to see how he explored various shades of blue to express depth and character, demonstrating an impressive understanding of colour and a keen focus on the creative process.
